For your convenience. Backoffice will engage in automatic software updates when connected to internet.

EASY TO USE

THANKS TO THE INTERACTIVE TOUCH SCREEN

To simplify the access all recipes are organized by families: Classical, Signautre cocktails and Mocktails

100+ recipes are included day 1 and visible on the screen

One click on a recipe give all informations of the perfect drink: Executed recipe, Kind of glass to use, Garnish, Ice, Shake ...

Tons of features are also included to create the best user experience:

- ▶ Automated and accurate dosing
- ▶ Automated end of bottles detection
- ▶ Automated calibration
- ▶ Automated cleaning program
- ▶ Automated software update
- ▶ And much more...

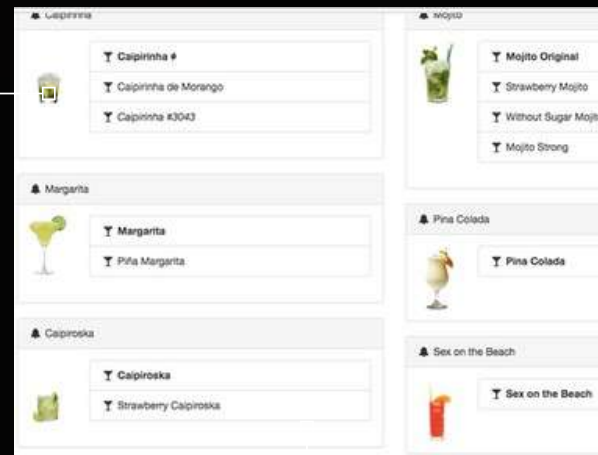

CREATE AND MANAGE YOUR OWN RECIPES

USING THE BUILT-IN BACKOFFICE SOFTWARE, YOU CAN CUSTOMIZE THE MENU TO FIT YOUR UNIQUE NEEDS.

All recipes are editable and can be deleted with our user friendly Backoffice software that can be easily accessed online from anywhere, no installation necessary.

Backoffice software allows you to add your own custom drinks, so you can serve your customers with unique, signature, and well made cocktails each and everytime.

For your convenience, Backoffice will engage in automatic software updates when connected to internet, which will include access to new recipes as our bartenders create them and share them with you!

Backoffice also provides you with statistics, such as which drinks are most popular, how many drinks you have sold, and what products are in high demand, so that you can know your customers better.
